EDUCATION

Minnesota State University   Aug 2020 – May 2022
Bachelor of Science, Computer Science (Transfer)   *Mankato, MN*

Drake University   Jan 2023 – Present
Bachelor of Science, Computer Science (In Progress)   *Des Moines, IA*

Anticipated Graduation: Spring 2024

EXPERIENCE

Office Manager, IT and Security Systems   Oct 2022 – Jan 2023
Baker Tech Services   *Owatonna, MN*

- Small business/startup environment building rapport through customer support and a close-knit team. Had opportunities to provide complex network setup, conduct api development, and practice software engineering. This was all with the main focus of providing quality tech support for tens of local businesses.
- As a solo developer, I created a portable python application for a psa using requests, query strings, and caching. This was the solution to various equipment and keys being not being logged or linked to jobsites.
- Helped devise and implement efficient support systems by prioritizing team communication and collaboration. Monthly recurring revenue had a 120% increase year over year after employment period.

Lead Wine Educator   Jan 2022 – Nov 2022
Chankaska Creek Ranch & Winery   *St. Peter, MN*

- Supervised and led a team of hosts, dishwashers and servers, often trained new employees and was responsible for securely closing the establishment.
- Worked closely with clients, delivering customized event experiences that exceeded expectations during work gatherings, weddings, and other formal events.
